

The Brown University Club of Southwest Florida

Please join Naples alumni and friends, and guest speaker Howard Chudacoff for a luncheon at The Club Pelican Bay, 707 Gulf Park Drive., Naples, FL 34108
Wednesday, January 14, 2009 12 -2:00 pm

Professor Howard Chudacoff, the George L. Littlefield Professor of American History since 1970 and a Professor of Urban Studies at Brown University, will talk about his book, *Children At Play: An American History*. This work has been featured twice in The New York Times and has generated considerable debate on radio talk shows across the country. Focusing on tensions between what adults wanted children to do and what children wanted to do for themselves, Chudacoff traces the history of how children have played and raises questions about how much freedom children have had, and should have, in their play. Professor Chudacoff will also talk about his research and give historical depth to debates that continue to rage over what constitutes appropriate child's play.

Dr. Chudacoff's talks are engaging, amusing and full of insights that strike responsive chords for any of us who have been parents, grandparents or kids ourselves.

Directions: The Club Pelican Bay is located off US 41 between Vanderbilt Beach Road and Pine Ridge Road. From US 41 turn west onto Gulf Park Drive. Go approximately 1/8 mile and turn right into the clubhouse driveway. (239) 597-1183
